Let's make ...

Hi Everyone,

Unable to make it: Fiona Campbell, John Bennett, Samuel Pearse-Kearney, Celia Stevens

Proposed merger of our group with the CCCC group

We discussed:

Does it make sense to have two community groups in Calne who both campaign on climate change issues?

Should we merge our group with the CCCC SG?

It was agreed that one group would be more effective and a better use of our time. And that we should merge with the CCCC Group.

A vote was taken to merge with CCCCSG (by a show of hands) and it was unanimously carried that we should merge.

Actions

Denis to share email addresses of our active members (those receiving this email) with CCCCSG secretary Tom Morris.

Please let me know if you would prefer me not to share you email.
