ECO CREATIONS

ECO Creations is a family run shop based in the heart of Calne

It is Calne's first reduced waste grocery shop selling a wide range of high quality, fair trade, organic, vegan and eco-friendly products with ethically produced products, all locally sourced where possible, without excess packaging.

We offer you alternatives to everyday items such as flour, sugar, rice, pasta, grains, nuts, lentils, pulses, herbs and spices, in the quantities you need and the organic quality you want.

We also offer a variety of household and cleaning products, personal care and bamboo items that do as little harm to the environment as possible. This gives you the choice to use environmentally responsible products that promote a more sustainable lifestyle.

HOW IT WORKS - It's like going back in time - Bring your own bags or containers, fill weigh and pay, then leave with only as much or little as you want. If we don't stock what you are looking for, just ask, we will do our best to source it for you

Come and visit us, see the wonderful products on offer that make environmental good sense and contribute to help saving our wonderful planet.
